

DTX10

3-in-1 Measuring Equipment

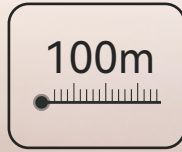

Laser Measurement Tool | Tape with Digital Screen
| Extended Laser Line

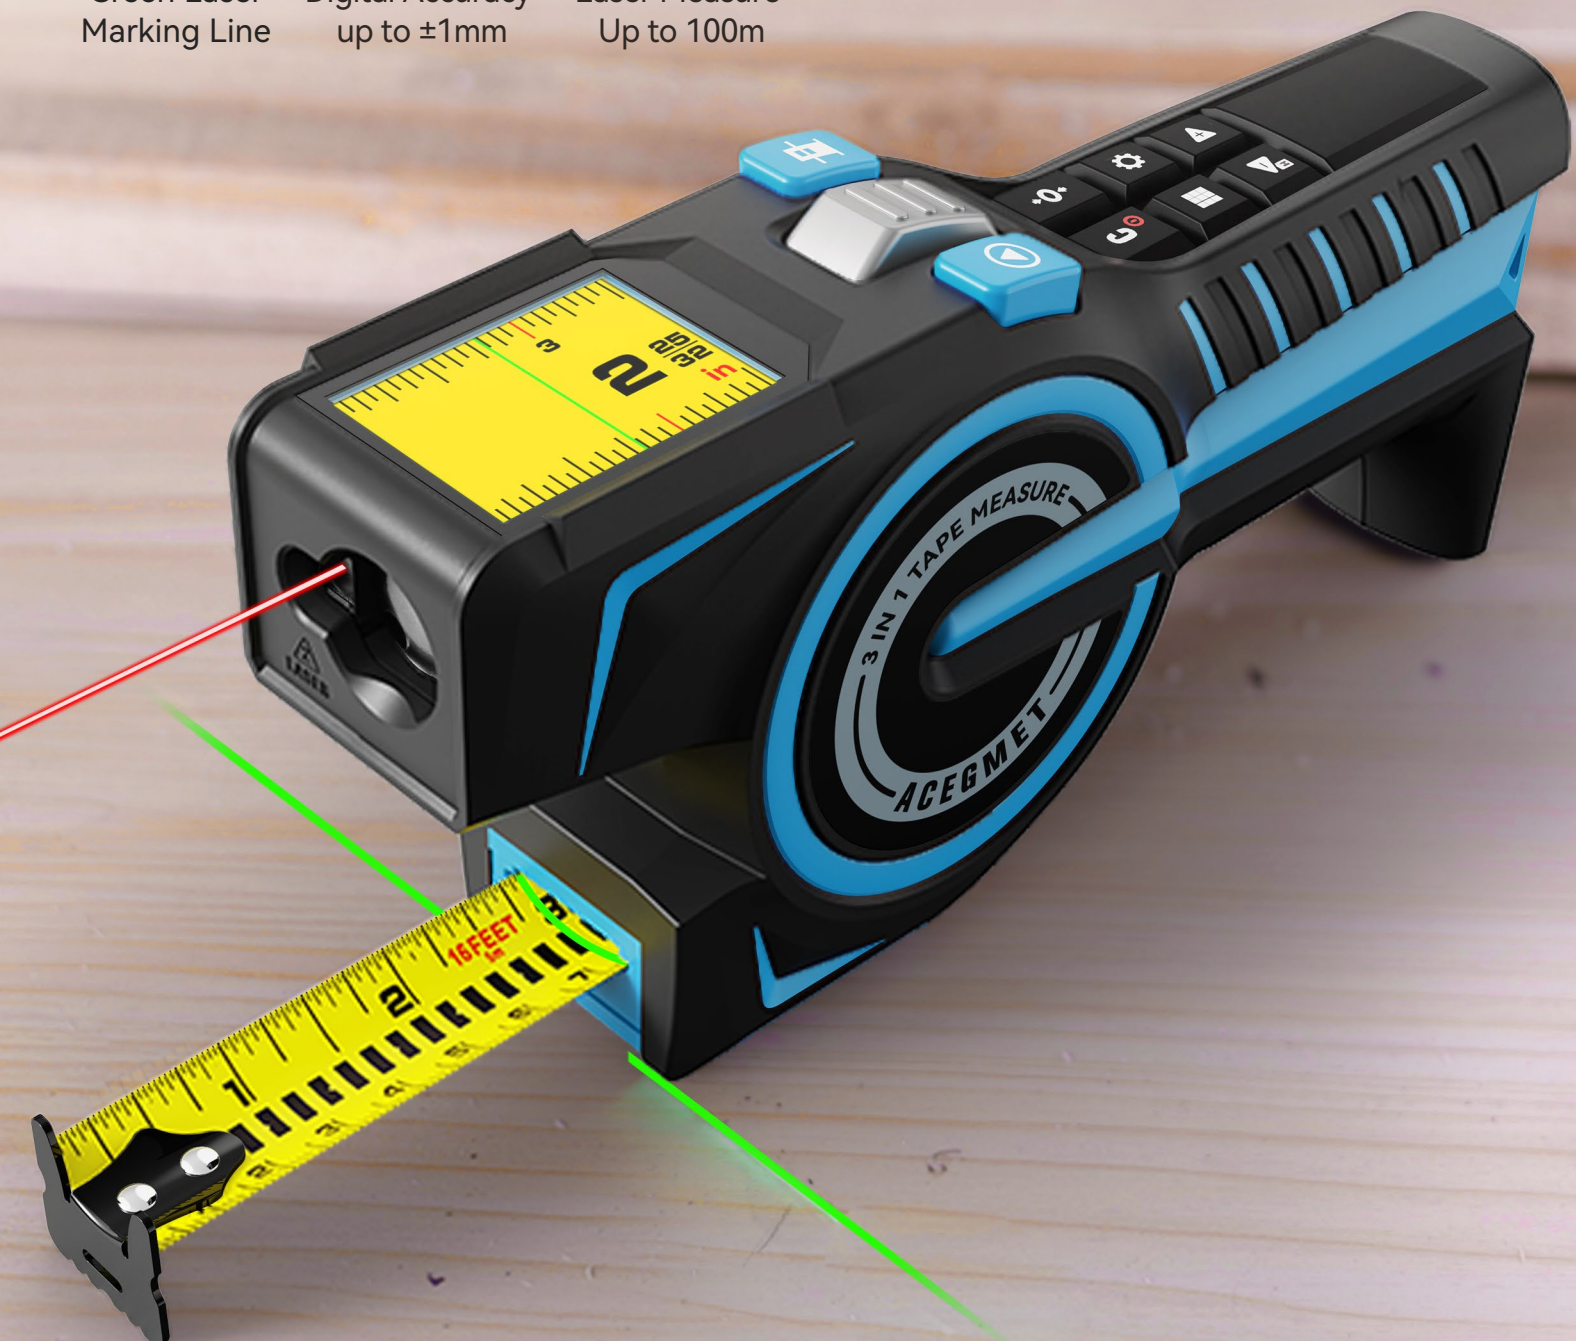

Green Laser
Marking Line

Digital Accuracy
up to $\pm 1\text{mm}$

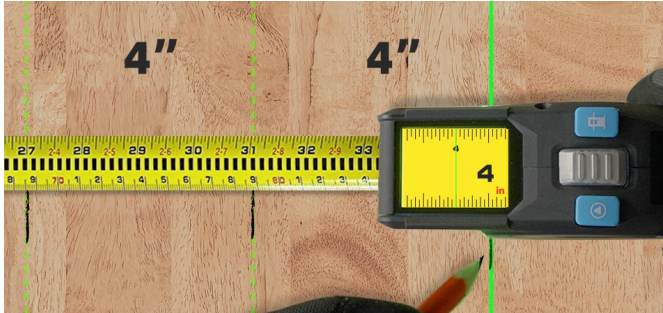

Laser Measure
Up to 100m

PRODUCT FEATURES

Green Laser Line Marking

The cutting-edge green line extension enables quick and accurate alignment between the blade marking and the measuring point on object.

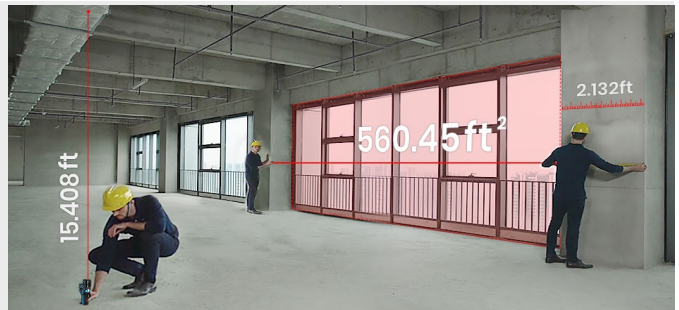

Incremental Measurement

Requires no calculations and is no never more than a button press to set the display number back to 0, enabling much easier and more accurate staking, out of a line segment.

Mixed Data Sources Measurement

From mixed data sources of the digital tape measure and laser distance meter, avoiding ladder climbing, body squatting or other extra physical exertions. And bringing exceptionally comfortable measuring experience.

DTX10 SPECIFICATION

Screen Display	2.0" IPS	Measurement from Mixed Data Sources	√
Laser Range	100m	Max/Min Value	√
Minimum Display Unit	0.001m	Incremental Measurement	√
Units	m/ft/in/ft+in	Add/Subtract	√
Reference	Front Reference/ Green Laser Line Reference/ Rear Reference	Angle Sensor	√
		Big Text Mode	√
Blade Accuracy	± 1.5mm	Constant Settings	√
Digital Accuracy	± 1mm	Wireless Data Communication	√
Laser Distance Measurement Accuracy	± (2.0mm+5×10 ⁻⁵ D)	Tape Blade Replacement	√
		Digital Display	√
Measurement Angle	± (0.3°+0.1°+0.01*A)	Battery Indicator	√
Laser Class	Class 2	Lanyard Hook	√
Laser Type	630-670nm, <1mw	Memory	30 Values
Green Marking Laser Type	510-530nm, <1mw	Battery Type	2600mAh Rechargeable Li-ion Battery
Single Measurement	√	Full Power Working Time	8H
Continuous Measurement	√	Laser Marking	Green Laser
Area	√	Tape Blade	16ft* 0.08ft Nylon-coated Steel Blade
Volume	√	Dimension	204*51*96mm
Auto Level Distance Finding	√	Weight(Weithout Battery)	530g
Auto Height Finding	√
